HARLEY SAYS REPUBLICANS OPPOSE HIM

Commission Candidate Declares It's An Open Secret

SPLIT IN BODY IS DENIED

Politicians Admit Slate is Under Consideration

Despite denials from some Republican leaders that the organization is out to defeat City commissioner John Harley in the November election, the commissioner is thoroughly convinced in his own mind that Republican leaders "doth protest too much" and that as a cold hard fact, they are against him now, just as they were in the last campaign.

"I am not at all surprised that there should be admission of Republican organizations leaders that they are out to beat me if they can," said Commissioner Harley. "Despite denial from Colonel Gale I have every reason to believe, from what I have learned, that the organization is doing, and will continue to do, everything in its power to defeat me in the November election. They tried it before and they will try it again."

SAYS HE'S OPPOSED
"I had every reason to believe that they were against me in the last campaign and I have every reason to believe that they are against me in this campaign."

He expressed confidence in the favorable outcome of the November election and said that he is absolutely sure that his friends and supporters will not believe that City Commissioner Breckenridge has gone over to the other side, as some of those opposing Harley are said to be trying to make Harley's friends believe.

"I am thoroughly convinced that Breckenridge has not gone over to the other side," said Colonel Harley. "Some of my friends were at first bluish a bit inclined to wonder whether 'Breck' had turned, but I know he has not. I know Breckenridge is just where he has always been."

STORY HELD CORRECT

Politicians say The Lima News did not spring anything new last Sunday in stating that the Republican politicians are against Commissioner Harley and that they are trying to form a combination to put over a Rankin-Breckenridge slate next November. They point out that ever since the Burkhardt-Harley mayoralty campaign in November 1919, the Republican politicians have been fighting the political aspirations of Commissioners Harley.

MAN'S DUTY TOLD

Rev. Bouschere Opens Series of Meetings at St. Rose

Man is not on earth to make money, acquire fame or enjoy pleasure except as these things can be used as a means for a better understanding of God and his works. Rev. N. T. Bouschere told those who gathered for the first of a series of talks at St. Rose Catholic church Monday night.

"God created man in order that he might know God, love him and serve him," Rev. Bouschere said. Wealth, fame and the like come to only a few, but God's love and his power to satisfy the cravings and longings of the heart are open to the majority, he said.

Man's interest should be centered beyond the end of the earth and time—in God, he said. The general topic was "Why Did God Create You?"

206 AMERICANS ARE KILLED DAILY

BUFFALO, N. Y. — (Associated Press) — Accidents in the United States during 1922 exacted a toll of approximately 75,300 human lives, an increase of nearly 2,000 over the estimated number for the previous year, a committee report declared today at the National Safety Congress.

Altho there has been a somewhat halting decline in the accidental death rate for ten or twelve years, the number of fatal accidents has never been less than 70,000 each year.

The report credited the automobile with the largest entry in the annual accident mortality budget—14,000 for 1922, 18 per cent of all fatal accidents for that year. The committee estimated that during each day in 1922, 206 American citizens were killed by accident. Of this daily number 38 were automobile fatalities. Accidental falls came second with 35. Drowning and burns totalled 19 and 16 respectively.

In 109 cities in 1922, there were 11.4 deaths per 10,000 cars registered and 12.8 per 100,000 population, the report said.

SAMPLE HELD UP, ARREST MADE

Failure to Co-operate Charged in Liquor Investigation

JUSTICE BLOCKS ANALYSIS

But State Agent Acts Anyway in Wapakoneta Case

Failure on the part of Frank Roney, state prohibition officer, to obtain a sample from eight gallons of alleged liquor found on the Frank Sillin farm, near Wapakoneta several days ago, from Bert G. Belcher, justice of the peace at Wapakoneta, in whose custody the liquor was placed pending the hearing, and alleged lack of co-operation with Roney on the part of Auglaize county officers, including Belcher, resulted in the arrest Monday night of Frank Sillin and Henry Rier, another farmer, by Deputy United States Marshal Edwards and Officer Roney.

Arrests were made on affidavits made out by United States Commissioner C. E. Long. Sillin and Rier were brought to Lima following their arrest and lodged in the county jail.

Sillin and Rier were to have been given a preliminary hearing Tuesday at 11 a. m. but owing to the absence of Marshal Edwards, at that time, J. H. Musser, attorney for the defendants, arranged with Commissioner Long to hold the hearing Monday, Oct. 22, at 2 p. m.

RELEASED ON BOND
Defendants are to be released on bonds in the amount of \$1,500 each. Charges of possession of liquor also are pending against Sillin and Rier in Belcher's court. Sillin is scheduled to appear Monday, Oct. 8, and Rier Saturday of this week.

Roney found the eight gallons of alleged liquor in a corn field of the Sillin farm. Charges against Rier followed finding of a small bottle of purported liquor in a manger of a barn on his property.

Repeated attempts of Officer Roney to gain possession of a sample from the eight gallons failed when Belcher said he would not permit any liquor to be taken away for analysis, Roney said. Even after Roney again called on Belcher with verbal request from Commissioner Long that Roney be allowed to obtain a sample of the alleged liquor, Belcher refused to grant the request, he said.

Sunday night Officer Roney found a small still on the William Truesdale farm, three miles west of Wapakoneta.

SHIP AFIRE AT SEA

Steamer's Crew Battling for Life in Pacific

LOS ANGELES — (United Press) — Anchored in Banderas Bay on the Lower California coast, 650 miles south of here, 45 members of the crew of the freighter Diana Dollar battled for their lives today against the flames that are pouring from the hold of the ship.

The last message from the blazing ship, picked up by the Federal Telegraph Co. here at 12:20 a. m. today, contained a hint that the crew would soon be forced to abandon the ship. "Consider it best you come to our assistance at once in case we have to abandon ship," read the message which was directed to the steamer Argon, 180 miles distant.

Nerviest Crook Takes Jail Bed At Mt. Victory

The world's most daring and at the same time meanest crook has at last been heard from.

He is the one that stole the nice, comfortable new bed out of the Mt. Victory village jail.

Sometime ago, with the comfort of the prisoners in mind, the village council bought an exceptionally fine bed. A few days later it was stolen.

Mayor Morrison says he knows who took it and unless it is returned at once the thief will continue to occupy it—in jail.

COULD PARK 800 CARS IN LOTS

All City Motorists Have Space Police Chief Declares

Parking space for 800 automobiles is available on vacant lots in close proximity to the business district.

A survey by Police Chief Lanker as part of his move for revised traffic legislation indicates that all automobiles of business and professional men could be parked on vacant lots, leaving Main and Market streets open for parking.

There are two large vacant lots on W. North-st. west of Main-st.; two lots south of E. High-st.; space behind the city market and other lots which could be converted into parking grounds, Lanker announced.

Merchants could rent the lots, Lanker claims, and have their cars parked there with someone to watch them. This would leave parking space in front of their stores and help eliminate the trouble now being experienced.

ZR-1 RETURNING FROM ST. LOUIS

Dirigible Will Fly Over Cleveland and Toledo

ST. LOUIS — (Associated Press) — The ZR-1, the navy's mammoth of the sky, departed on its return trip to Lakehurst, N. J., at 9:30 a. m. today. It will fly over Chicago, South Bend, Toledo, Detroit and Cleveland. The big craft swung majestically from St. Louis field and headed directly for Chicago, which city is expected to reach by four p. m. Rear Admiral Moffett, chief of the navy bureau of aeronautics, is making the return flight. It is his first trip in the giant craft, and the first time in history that a rear admiral's flag has been flung from a rigid craft it was stated.

AIRSHIP'S ARRIVAL

ST. LOUIS, Mo. — (United Press) — The ZR-1 arrived here at 4 a. m. today, completing its 1,200 mile non-stop trip from Lakehurst, N. J.

PRISONERS ARE PUT ON DIET OF BREAD AND WATER

MORGANTOWN, W. Va. — Bread and water was the fare in Monongahela-co jail for all prisoners today.

The prisoners last week struck against working on county roads without pay. County court ordered a bread and water diet. Today, Sheriff Yost had placed the order in effect.

County law says the prisoners shall work on the roads of the county. The prosecuting attorney says there is no provision made for salary.

MURDERED MAN IS LANDED IN JAIL

Wealthy Californian Involved in Mysterious Case

CAUGHT TRYING TO END LIFE

Supposed to be Dead in Haystack, Auto Fire

EUREKA, Calif. — (Associated Press) — Alex A. Kels, wealthy and heavily insured Lodi, Calif., butcher, who was supposed to have been the victim of a murder near Lodi, September 12, is in jail here today, according to the police.

The man was arrested in the railroad yards here last night as he apparently was attempting to end his life. The murder of his wife was in his mouth and he was attempting to discharge the gun with his toes.

At the police station, the prisoner talked about his wanderings since September 12, but was more reticent concerning the burning of a haystack in which Kels' automobile was destroyed and a man, first believed to be Kels, was burned to death.

Kels' life was insured for \$80,000 with his wife as the beneficiary, but special clauses in the policy would have increased the amount paid her to \$100,000 in case Kels met a violent death. Stockton authorities seeking to discover the identity of the dead man, last night learned that A. Zeng, a Lodi rancher, had not been seen since before the fire and slaying.

ACCUSED 'LEGGER' IS TRAPPED

Police "Stool Pigeon" Purchases With Market Bills

Safety department "stool pigeon" working with marked bills Tuesday morning trapped George Hooker, 131 E. Wayne-st., on a charge of violation of the prohibition law by sale. James Driscoll, 50, of 131 E. Wayne-st., claimed by police to have attempted to destroy marked bills, is in jail on a charge of conspiracy to violate the liquor law.

Hooker is at liberty under \$1,000 bail for appearance Wednesday morning before Judge Neil R. Poling in criminal court.

The secret operative, who three weeks ago caused the arrest of three accused "bootleggers," purchased a half pint of liquor from Hooker, according to report of the raid as given by Police Chief Lanker.

After the transaction Driscoll grabbed the marked money and attempted to destroy it, police said, as it is used as evidence against accused violators.

LONDON HONORS GREAT HERO OF 500 YEARS AGO

LONDON — Ceremonial honors are being paid to the memory of one of London's greatest heroes—Dick Whittington, who died 500 years ago.

A religious service, attended by the lord mayor and other city dignitaries in their robes of office, is scheduled for the church of St. Michael, the 17th century building which replaced the church wherein Whittington was buried in 1423. The original edifice was burned in the great fire in 1666.

Whittington's memory is treasured because his lifetime he was influential in building up London's fortune and fame as well as his own.

2. WALTON MEN ARRESTED

Quiet Prevails, However, at Most of Polling Places

WASHINGTON — (United Press) — If the United States mails or courts are interfered with in Oklahoma, the federal government immediately will intervene in the situation, it was declared on behalf of President Coolidge at the White House today.

MUSKOGEE, Okla. — (Associated Press) — A special dispatch to the Muskogee Times-Democrat from Coalgate gives the following unofficial vote on question 79, up to 11 o'clock:

Total vote for 295; against 37. The correspondent added that this represents a third of the city's normal vote.

OKLAHOMA CITY — (Associated Press) — Oklahoma's special election, at which will be decided whether the legislature shall meet to consider impeachment charges against Governor J. C. Walton, swung into full movement early today. Reports indicated polls were opened thruout the state with the exception of three full counties and a part of a fourth. Indications were that an unusually heavy vote was being cast.

Two men carrying commissions from the headquarters of Governor Walton's civilian guard were arrested near the court house today by City police.

They were charged with carrying concealed weapons. Police Chief Moran announced that every armed person without a deputy sheriff's warrant would be thrown in jail.

VOTING PLACES CLOSED

In Bryan, Harper, Cimarron and Johnson-co all voting places were closed and in Jefferson-co only six out of 28 were opened.

Johnson appeared to be the only county where the threat of Governor Walton to close the polls by force of arms has been carried out. There were 100 armed state police holding possession of all election supplies and they would not permit them to be removed from the office of the county election board.

In Bryan-co Sheriff Conn followed instructions of Governor Walton and barred the election. An effort to obtain an injunction against him in state district court at Durant failed.

Cimarron and Harper-co were not voting because supplies have not been received from the election board and in Jefferson-co ballot shortage kept most of the polls closed.

From every point in the state the reports indicated the election was proceeding quietly.

QUESTIONS AT ISSUE

The storm that has raged thru Oklahoma during the last few days causing thousands of armed citizens to place themselves at the disposal of regular and city officers has revolved about the following few short paragraphs that appeared at the end of the long ballot handed voters today:

"Constitutional amendment. 'State question number 119: Initiative petition number 79.' The gist of the proposed amendment is:

"To provide a method for promptly convening the legislature for investigating the conduct of state officials subject to impeachment."

Others who cast their ballots today did so, for the most part, with the expectation that their action would be challenged by the governor and that a court decision probably would be necessary to determine the legality of the election.

The state law provides that an initiated measure is effective im-

MAY FILL SHOES

This is Martin Edward Trapp, Oklahoma's lieutenant governor, who may succeed Governor Walton, if legislative plans to impeach the latter for his martial rule combat with the Ku Klux Klan are successfully carried out.

NEW TRUNK LINE SEWER ASKED

Realtors Promise to Build 59 Houses if City Acts

Petition by Michael & Finkel, realtors, for a new trunk line sewer in the vicinity of Albert-st. and Prospect-av. to be paid for by general taxation was received by the city commission Monday night and turned over to City Manager Bingham for investigation and report.

In consideration for building the sewer the petitioners promise to erect 59 houses on the 59 lots they own in the streets sought to be sewered and also agree to put in at their own expense all local sewers and drainage to properly connect the 59 houses with the trunk line sewer.

Under the terms of the petition the city would build a trunk line sewer from the intersection of Albert-st. and Prospect-av. east thru Albert-st. to Sugar-st.; thence north on Sugar-st. to Kibby-st.; thence east on Kibby-st. to the center of Shawnee-st. as extended to the lands of the D. T. & I. railroad. The petition asks the taxpayers foot the bill.

PLOT TO KILL IS CHARGED

Six Residents of Dayton Are Named in Suit

DAYTON — (United Press) — Charging alleged plans against his life, burning his planes, slandering an attempt to monopolize the airplane industry, James V. Martin of the Martin Aeroplane factory, Long Island, N. Y., has filed suit in the supreme court of the District of Columbia for \$51,510,000 against six residents of Dayton, 31 other individuals and 28 corporations.

The plan against his life, Martin alleged, was made by defendants including agents in charge of a vessel, of which Martin was in command, to proceed to a Russian port thru mined area with the expectation that a mine would be struck by the ship.

OHIOANS NAMED

The Daytonians named in the suit are Colonel E. A. Deeds, capitalist, Charles F. Kettering, vice-president of General Motors Corporation, Major L. W. McIntosh, engineering chief of the United States air service; H. E. Talbot, Jr., capitalist; F. D. Schuacke, government attorney for the air service, formerly of New York; Major D. C. Emmons, contracting officer for the air service and Major Thurman H. Bane, former commandant at McCook Field.

Among other defendants are named Benedict Crowell, former assistant secretary of war; Howard Coffin, president of the Hudson Motor Car Company; Major General Mason M. Patrick, chief of the United States air service; Rear Admiral William A. Moffatt, director of naval navigation and Jesse E. Vincent, vice-president of the Packard Motor Company, Detroit.

CARMEN HOLD CITY HAD NO RIGHT TO ACT

Should Have Renewed Old Grant, Welty Tells Judge

INJUNCTION HEARING STARTS

Arguments May Take Up Several Days Attorney's Say

Franchise ordinance entered into between the City of Lima and the Lima City Street Railway Co., was assailed in common pleas court Tuesday by attorneys for striking employees who are seeking the dissolution of a temporary restraining order, enjoining the operation of busses on Lima streets.

Ben F. Welty, former member of congress, who was the principal spokesman for the carmen during the morning session before Judge H. A. Miller, branded the franchise as illegal.

In an opening statement to the court he asserted that the arguments attacking the ordinance will be centered on Section 12 which gives the street car company exclusive rights to operate cars and motor vehicles on city streets.

PAYING CLAUSE
Section 2, which receives the company from the necessity of paying the cost of paving streets above the level of cross ties, on the portion occupied by tracks and rail, and on the ground that facts contained in the petition of the Street Railway company paying the junction are not a sufficient cause of action.

The action of the city commission in granting a new franchise to the street railway company one year ago was attacked.

Welty maintained to the court that the commission was without power to grant a new franchise. He declared that the city only has power to renew the old Ohio Electric Co. franchise entered into in 1907 and which was to expire in 1923.

Under the section 3 of the old franchise, which Welty read to the court the street car company is required to pay the cost of all paving in portions of all streets occupied by its property.

LICENSE LAW ATTACKED
Arguing over the dissolution of the injunction, Welty attacked the recently enacted license ordinance as a violation of the state law, in provisions for taxing motor and jitney busses.

The legislature of Ohio, the court was told has retained the streets and highways of the state for public use and no city, not even a charter city can give them away in accordance with state law.

The city was represented by Paul Landis, solicitor, who made some notes during the morning session, but did not address the court.

D. J. Cable, president of the Lima Street Railway Co., and Ira Longworth, represented the company.

Indications at noon Tuesday were that one or more days may be consumed in hearing the case. Arguments are yet to be made on other phases or the situation by Ed Blair and Clarence C. Miller, counsel for the carmen.

ALLIES EVACUATE CONSTANTINOPLE

Foreign Warships Are Formally Withdrawn from Harbor

TURKEY LEFT TO HER OWN

Occupation of Nearly Four Years is Ended

CONSTANTINOPLE — (Associated Press) — The allied occupation of Constantinople formally ended at noon today. For weeks transports have been evacuating troops and material, while one by one the warships have slipped away, making today's junction merely a brief military ceremony that started at 11 o'clock and lasted about half an hour.

Three hours later the foreign vessels of war and the transports weighed anchor and steamed slowly seaward, leaving Turkey to her own devices.

Thus the tri-color, the cross of St. George and that of Savoy have disappeared from the barracks and the occupied buildings in Constantinople and for the first time in nearly four years not an allied uniform is to be seen on the narrow streets of the city. The historic harbor is untroubled by the great fleets that so long made the Bosphorus and the sea of Marmora seem to be one of the world's greatest naval stations.

One cruiser and two destroyers each power will remain until December. There was no official American participation in today's ceremonies. Even the destroyer Ottila had purposely disappeared and its customary anchorage and ad dispersed to distant stations. The Turkish garrison will enter the city on Saturday.

OYRIDERS STEAL CARS IS BELIEF

Police Point to Thefts of Two More, Recovery of One

That "Joy riders" are responsible for the majority of automobile thefts in Lima is the opinion of police, following the Monday night theft of two machines and the recovery of one. Harold Schooner, R. D. 5, reported stolen his automobile was stolen 8:15 p. m. from S. Union-st. Early Tuesday morning it was recovered on Jackson-st. where it had been abandoned.

An Overland touring car, the property of F. E. Ferguson, 320 Church-st. Monday night from the Public Square, has not been recovered.

Police believe youths take the automobiles for several hours and abandon them when they are through. Practically every automobile stolen here during the last two weeks has been found parked on the side street or along some highway. The two machines stolen Monday night bring the total up to 75 since Jan. 1. All but 14 have been recovered.

FIRST FEEDER CATTLE FROM WESTERN RANGE RECEIVED IN STATE

Over 2,000 head of feeder cattle have been received in Allen county according to County Agent H. J. Ridge. Additional stock is coming into the county continually.

First shipment of feeder cattle from the western range to Ohio feed lands thru the Ohio Farm Bureau federation was received in Holmes-co. Prices of cattle are slightly lower than last year, the best feeders can be bought for 66 and a half cents.

Much better service in the matter of shipments and delivery is seen over last year. Many who ordered cattle last year are ordering again this year.

Ohio Experiment station at Wooster is using cattle in experimental work and has bought 60 head of calves and two-year olds.

NIXON-AV SEWER ROW UP AGAIN

Reassessment Legislation Now Ordered by Commission

Nixon-av sewer assessment mud-dle came up in city commission Monday night with the result that City Solicitor Landis was instructed to prepare legislation for a reassessment of benefits and for the rescinding of those assessments already made.

According to an explanation by City Manager Bingham there is an 18-inch sewer in that district but when the reappraisal was made only abutting property owners were charged with the result some had to pay as high as \$700 per lot for the improvement. The entire district, he said, should have been assessed for the improvement. In 1922 four installments were paid and in 1923, ten were paid, he told the commission.

Suit was brought on the improvement and the court held, according to the statement, those owners who had not signed the petition for the sewer should have their assessments reduced while those who petitioned for it should pay.

Now in order to straighten the matter out and make all who benefit by the improvement share in the cost, the old assessment is to be recalled and a new one sought. Names of delinquents which have been certified to the county are to be recalled also and the notes issued for the improvement are to be refunded with bonds.

City Solicitor Landis advised the commission the recalling of the old assessment will have no bearing on the payment of benefits for the new general sewer system.

W. N. BURKE, FORMER LIMA RESIDENT, DIES IN KANSAS

W. N. Burke, 41, prominent Kansas oil man and a former Lima resident, died Sunday at his home in El Dorado, Kas., relatives here were apprised.

The body is being brought back east by the widow and will arrive here Wednesday. It will then be taken to the home of Mr. Burke's mother, Mrs. J. N. Burke, Oridersville, where funeral services will be held Thursday.

Surviving near relatives, besides the widow are Hugh Burke, 1116 Brice-av, Marion Burke, W. Circular-st, and Russell Burke also of Lima. There are no children.

CITY WILL FIGHT ROUSH DEMAND

Condemnation of Land at Pump Station Being Considered

City commissioners will go into court and condemn a strip of land 10 feet wide along the Ottawa river near the pump station before they will meet the demands of Mary Roush, according to a conversation with City Manager Bingham after the regular session of the commission Monday night.

Bingham explained that for years, when the water got low, the city had an agreement with the owner to pay her \$50 per year because the city built, each year, a small dam across the river and used a strip of her land to get to the dam and with which to throw the earth.

She now demands \$1,000 cash and \$100 per year to allow the city to use her land for the dam or to get to the dam. She owns to the middle of the river. The entire plot, water, land and all, Bingham said, is about a quarter of an acre. It is worth, commissioners said, about \$100, so they will condemn it rather than meet her demands. She is to be given a chance to accept the old terms of \$50 per year.

City Solicitor Landis told the commissioners after the meeting the city could withdraw its condemnation of the Patterson land for the improvement of Jameson-av, as the owners had agreed to take \$200 to settle their claims.

Another matter informally discussed but on which no action was taken, related to the question of legislation to remove gasoline tanks from the streets where the tanks have been out of use for a period of 60 days. City Manager Bingham said the city ought to pass an ordinance providing for the removal of such filling stations.

CITY TRAFFIC COMMISSION NAMED TO STUDY PARKING CONDITIONS GET APPROVAL

City commissioners Monday night formally approved the selection of the special traffic commission to study the parking situation in Lima with a view to recommending to the commission legislation to try and solve the local situation.

Members of this commission include D. W. Morris and Paul Crawford of the board of commerce; Charles Gordon and Max Altshuler from the Auto club; William Howell and Edward Hawisher from the Auto Dealers' association; Dr. C. L. Steer from the Medical Academy and Police Chief T. A. Lanker. City Solicitor Paul T. Landis and City Engineer John Jewhurst from the city with Police Judge Neil Poling as conferees but not a member of the commission.

STAYED OUT ALL NIGHT DIVORCE PETITION SAYS

Allegations charging that Clarence Wingate, teamster went about with other women, and sometimes stayed out all night are contained in a petition for alimony filed in common pleas court Tuesday by Josie Wingate.

Mrs. Wingate recites that she was married in 1909, and that her health has been shattered by conduct of the defendant. She is now in need of medical aid, she asserts.

Separate maintenance and an order restraining Wingate from disposing of his property are sought.

TED IS PAINTER OF GREAT SKILL

Despite the chilling winds of early morning, Ted was out bright and early to practice on his drawing. He is a great lover of autumn pictures and intends to get many drawings of the coloring leaves and brown bare fields. It will be necessary for him to get back in practice but with fair weather Tuesday night and Wednesday and little change in temperature predicted, he believes he will be ready to do the most difficult work without any trouble. Maybe he will place his drawings on exhibition at the city hall.

PLAN CHIMES FOR TRINITY M. E.

Will Install Tubular Tower Chimes for Christmas

Installation of a complete set of tubular tower chimes in Trinity M. E. church before the coming Christmas is planned by officers of the church following a meeting held Monday night. Following action on the chimes an order was forwarded to J. C. Deagan, Inc., Chicago, manufacturers of the chimes.

Fund for the purpose of defraying cost of installing a set of chimes was started several years ago. Since that time several donations have been received, but not sufficient to cover the cost. Members of the congregation and friends will make up the balance necessary.

Tower to house the chimes was built at the time the edifice was constructed. Deagan's tubular tower chimes consist of 10 tones, sufficient in number to play church hymns and other sacred music. Chimes would be operated from console by the organist, thru an electrical system, included in the installation. Complete set of chimes cost \$5,000.

Rev. Rowand said the chimes would be used in connection with church services and on special occasions, such as Easter, Christmas and other church festivals. It is also intended to give a concert each Saturday evening.

Provided the chimes are installed early in December it is probable that dedication will be held during the Christmas services.

LACK OF FUNDS HOLDING UP INFIRMARY LIGHTS

Contract for installation of a new lighting system for the county infirmary is being held up by lack of money, county commissioners declared Tuesday.

At present the institution is lighted by an old system, which is constantly getting out of order. For about \$800, commissioners say they could scrap the old system and draw current from the Ohio Power Co. high tension line which is to pass near the infirmary.

All that is necessary will be to install a transformer, and additional wiring. If commissioners can locate an extra \$800, in some one of the county funds, they intend to contract with electricians for the job. If not the matter will wait until next year.

PLAN COMMUNITY FAIR

Fair will be held at Community House, West Newton, Saturday, under the direction of the community club. Large number of premiums will be offered to winners in the many contests which will include exhibits in penmanship, drawing, general display, canning, stock, horses, pigs, lambs, mules, poultry, baked goods, needlework, and other classes. Dinner will be served cafeteria style.

SHIPPING OHIO APPLES

Ohio Fruit Growers' Cooperative Association, thru the various locals, are now shipping Grimes Golden and Jonathan apples. Fresh shipments of Rome Beauties in southern Ohio will be made this week. Amount of Ohio apples going to market cooperatively this year will be triple that of last year, County Agent H. J. Ridge said Tuesday.

HELP FOR SEALER IS DELAYED

Mayor Objects, Appointment is Not Given Commissioners

Recent appointment of Ferdinand Bergeon as assistant city sealer of weights and measures met with some opposition from Mayor Harold Cunningham when the matter came up in informal discussion among the commissioners prior to Monday night's meeting. He said he would not vote to approve the appointment. City Manager Bingham did not present the appointment for approval at the regular meeting following.

Mayor Cunningham said it was his understanding the city would not make any such appointment until the income from the office would meet the expenses. The city is losing about \$125 per month in fees from lack of inspection of scales while merchants and buyers are also losing because of defective scales, Bingham pointed out, all because J. W. Sherfey, sealer, does not make the necessary inspections outside of the market house.

Sealer Sherfey Monday presented his September report, which shows fees of \$23.85 for September as against \$17.50 for August. Six months ago the fees averaged \$137 per month, Bingham said. But Sherfey then had an assistant.

DAMAGE REQUEST GETS NOWHERE

Commissioners Discuss Case of Girl Hurt in Street

City commissioners Monday night prior to the regular session Monday night discussed the question of damages for injury to Pauline Allen, 207 S. McDonel-st, who had two toes of her right foot crushed when a motor bus tipped up on an iron street bar and it came down on her foot. She was injured a few weeks ago.

Parents of the girl, Bingham said, want to be fair but feel that the city should allow them at least something for her expenses at the hospital, if it does not pay for the loss of her time.

Discussion brought out the fact that a bus driven by street car strikers, Jack Price and a man named Saylor tipped up the iron bars and also that they had no liability bonds up to reimburse any person injured by their operation of the bus.

No decision was reached by commissioners.

EQUALIZATION OF PAY IS TABLED BY COMMISSION

Following hints that there is "something back" of the proposition to abolish the office of engineer in the fire department and create the office of clerk, the city commission Monday night laid on the table for a week an ordinance making the proposed changes.

City Commissioner Harley, when the matter came up, asked Commissioner Rohn if there was "anything in the dark" on this plan but Rohn did not answer. He said, however, one fellow had done the clerical work for four years. "If we are to take it away from the man who has been there a long time and give it to some one else I am in favor of abolishing the five dollars," said Rohn.

He referred to the fact the proposed ordinance would decrease the pay of the engineer by five dollars and give that sum to the fireman now acting as clerk.

City Manager Bingham said as far as he knows there is no friction in the department over the proposition to take the five dollars from Fireman Clay, who has been engineer, and give it to Fireman Fisher who has been acting as clerk. However, the matter was tabled for a week.

SEED WHEAT SOLD
Ohio Farm Bureau reports 15,000 bushels of improved seed wheat sold to growers. Orders have been filled in eight other states for seed wheat, going to Iowa, Missouri, Illinois, Kentucky, Indiana, New York, Pennsylvania and W. Virginia. Every fifth order received has come from outside of Ohio.

RECOVERS FROM CROUP
"My boy had a very bad attack of croup. Tried everything but nothing did him much good. Then I used Foley's Honey and Tar and he not only recovered quickly but he has had no trouble since," writes Mrs. William Sims, Burlington, Wyoming. Coughs, colds and croup quickly relieved with Foley's Honey and Tar, the largest selling cough medicine in the world. Free from opiates—ingredients printed on wrapper.—Adv.

Careful People Realize

THAT THE PROTECTION OF THEIR PRINCIPAL IS VASTLY MORE IMPORTANT THAN THE RATE OF INTEREST PROMISED

Few can afford to speculate, for speculation sooner or later leads to loss. It has always been so. In the busy world of today homely advice of this sort is often ignored. It is nevertheless true.

For the majority of people a deposit on a 5% Certificate is one of the best investments obtainable. No worry, no trouble. 5% is also allowed on Savings Accounts. We will enjoy having you call to talk it over.

"For those who wish to lead the hygienic life, coffee and tea are not recommended, except for purely medicinal purposes. The only hygienic excuse for such drugs is in emergencies when work must be done and natural aids cannot for some reason be employed, but always the danger must be counted and the danger considered of forming a habit of denying the rest which is their due."
—From a "Keep Well" Leaflet on "Over-stimulation," Issued by the Life Extension Institute.

Why not avoid "counting the cost?"

REST is better than a whipping, for tired nerves and muscles—better for today and infinitely better for tomorrow when the penalties of over-driving are likely to come due in headaches, nervousness, and increased difficulty of resting.

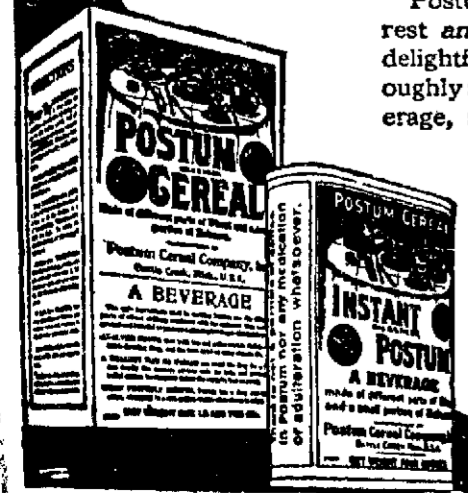

Postum is a good friend of rest and health. Postum is a delightful, comforting and thoroughly satisfying mealtime beverage, splendid in flavor and

aroma—but containing no drug which can excite nerves or disturb digestion.

If you are whipping up nerves with coffee or tea, try a change to Postum. It will supply all the comfort and pleasure of a hot mealtime drink, and it will let you get the natural sleep and rest that puts strength and zest into tired mind, nerves and muscles. You'll be counting profits instead of costs.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

SHORT SHAVINGS

Claude Hardin, Michael-ay, heard of an amusing incident that happened in a downtown restaurant. An elderly, well-dressed man held a glass upside down under a water faucet and then tried to take a drink before he realized what he had done.

A. J. Seibold, Calumet-st., tells of a man named Smith who was a confirmed kelly pool player at 10 cents a point. Every night he went to a certain pool room and played with the boys.

One night Mrs. Smith was awakened by a loud rapping on the door. She opened it and found the owner of the pool room standing outside. "Your husband was shooting to-night and lost \$1,500," said the man.

"Oh, my, oh, my," she cried. "He lost \$1,500? He should drop dead!" "He did," said the man. "Good night."

R. E. Ashley, insurance man, was taking a trip thru various towns of the distance when he saw this sign: "Sleep anywhere, but not here."

Charles Smith, Atlantic-av., reports seeing a well-dressed man pick up a cigar butt from the sidewalk near the corner of High and Main-sts., inspect it, then throw it away and walk into a store and purchase one of the same brand.

Glen Butler, W. Elm-st., saw this sign recently in a nearby town: "Blank & Son, Furniture, Undertaking and Embalming—Once a customer, always a customer."

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about 82¢. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and perils colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote, is pleasant to take. Creomulsion is a new medical discovery with a fold action: it soothes and heals inflamed membranes and kills germ.

Of all known drugs, creosote, recognized by the medical fraternity as the greatest healing agent for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation and inflammation, while the creosote goes to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung disease, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.—Adv.

TELLS PLANS OF LICENSE BOARD

City Manager to Name Members Soon Under New Measure

Two special examining boards will be named shortly by City Manager Bingham to take care of the examination of applicants for licenses under the new city licensing ordinance which becomes effective Oct. 15, the city manager announced Tuesday.

One board will be for moving picture operators who, under the new ordinance will pay an annual license fee of \$5. This examining board will consist of one operator selected by the local union; Fire Chief John Mack and a local representative of the National Board of Fire Underwriters.

Electrical contractors also are required by the new ordinance to take an examination and pay a license fee of \$25 per year. The examining board for these applicants will consist of one member of their organization, the city electrician and a local representative of the National Board of Fire Underwriters.

City Manager Bingham said he will name the board just as soon as the two organizations select their members. All others who come under the new licensing ordinance must have their applications approved by the city manager but do not have to take an examination, he said.

BUSINESS ENJOYS STEADY TREND

Holds Own, Gains a Little With Absence of Boom

PACE CALLED ENCOURAGING

Events Abroad Hailed Generally With Degree of Satisfaction

(BY B. C. FORBES)

Business is not booming, but it is holding its own, perhaps a little more.

The final quarter of the year promises to bring more activity than was experienced in the third quarter, but there will be no repetition of the feverish, speculative fireworks witnessed in the first quarter.

And this is well. The country could move along for a lengthy stretch at the current rate or even a little more rapid gait, whereas the pace during the early months of this year invited inflation, collapse and disaster.

Conditions are distinctly sounder than they were then and the outlook is decidedly more reassuring.

Events follow one another without breathing space, particularly abroad. The latest developments, however, have, on the whole, been encouraging.

Germany's announced giving-in to France in the Ruhr ranks as the most momentous news of the last week. Its effect upon sentiment and securities in this country was somewhat offset by Bavaria's action in naming a military dictator, this being immediately interpreted as the first step towards separation. Germany's prompt appointment of a virtual military dictator had, however, a restraining influence both in Bavaria and in the Ruhr.

France awaits deeds following Germany's conciliatory words. Germany is ready probably to go quite far in meeting French demands. Her volume of currency was trebled in one week, increasing from one quadrillion to three quadrillion marks, an utterly preposterous and ungovernable mass.

The British premier's statement, after his talk with Premier Poincaré, that a friendly atmosphere has been restored was received with great satisfaction in international interests here. Hopes have been strengthened that tangible, convincing progress now can be made in handling the reparation settlement.

Altho our stock markets made no response to the better turn in European events, the principal foreign exchanges stand higher than they did a week ago, a fact worth knowing.

Most home developments have been favorable.

The latest railroad earnings statements are exceeding expectations. Another important railroad.

LADY JUST FELT MISERABLE

Tells How the Plant Juice Has Ended Stomach and Kidney Troubles

IS FEELING YEARS YOUNGER

Another well known resident of this section who highly endorses this herbal medicine, Plant Juice, for the good it has done her, is Mrs. Sadie Dorcis, who lives at 1315 Elmwood avenue, Toledo, Ohio. During a recent conversation with The Plant Juice Man, Mrs. Dorcis said:

MRS. SADIE DORCIS

"I had terrible pains in my stomach and after eating, my food would form gas and then a hot, sour liquid would come up in my throat. I was simply in miserable condition. I was so nervous I couldn't sleep right and was tired and worn out all the time and it seemed like I never could get rested. And besides all this, my kidneys were disordered and I had bad pains in my back, which kept getting worse."

"I tried many medicines and pills and spent a great deal of money but I never found a thing to help me until I got Plant Juice and I want to say that the first bottle of this remedy gave me relief. The pains have left my back and the stomach trouble is entirely gone. I'm simply feeling fine now—in fact, I feel years younger and I want my friends and the public to know that Plant Juice surely works wonders for stomach and kidney troubles and is certainly worth a great many times its price to anybody who is suffering."

Many people say Plant Juice seems to act like magic in cases of stomach, liver and kidney troubles and their complications such as indigestion, constipation, fermenting of food, sour stomach, gas and bloating, pain and agony in the stomach and chest, biliousness, acies and pains in the back and the like.

Plant Juice is sold in Lima at Hunter's drug stores, at 49 Public Square and Main and Wayne streets and at the Argonne drug store, opp. Post Office.

Baltimore & Ohio, followed New York Central's example by taking pleasant dividend action. And since most roads have been spending enormous sums on maintenance, the prospect is that net profits will shortly justify other helpful dividend action particularly in the south.

Railroad traffic continues extremely heavy and should keep up during coming months.

Wheat prices are apparently above the dollar mark and corn quotations have reached new high ground.

Cotton has not gone very far below the 30-cent level, nor it is expected to do so.

The general price level remains practically stationary notwithstanding that there has been holding-off on the part of buyers in various lines in the hope of bringing about declines.

The federal reserve banks record expansion in rediscounts and a decrease in the reserve ratio, this, considered in conjunction with slight

firming of money rates, suggests some broadening of business activity.

Stock market fluctuations continue indecisive. There was an advance on Monday, a rather sharp break on Tuesday, a fairly vigorous recovery on Wednesday, a slight advance on Thursday, a relapse on Friday and a shade lower on Saturday. The net result for the week was a fractional decline in the average level.

Clearly the market is still in the hands of professional operators. The public appears to be waiting for a pronounced trend before making extensive commitments.

Wall street traders evidently are paying less attention to the encouraging developments abroad than to such matters as the demoralization in the oil industry, rumors of slackened production and impending cuts in automobiles, the maneuvers of this, that and the next pool, and the like.

The truth is oil production is diminishing, curtailment in production

of motor cars is strictly seasonal, and the day-to-day tactics of speculative pools is of no basic importance.

Serious difficulties still have to be overcome in Europe. But if they are overcome, which is entirely probable, the effect upon sentiment in the highest circles here is certain to be pronounced.

REDUCE COST OF ARMS PERMIT

Ordinance Passed to Make it Cheaper to Buy Guns

CUT IS FROM \$10 TO \$1

Prices of Cutting Curbs and Getting Ordinance Copies Go Up

Ordinances changing the license fee for the sale of pistols and black-jacks, knuckles and so forth and to charge certain fees for permits and copies of ordinances were passed by the city commissioners Monday night.

Under an old ordinance dealers in pistols must pay \$10 per year and they have complained buyers send out of town to mail order houses, which pay no license and get their pistols. So the commissioners voted to reduce the fee from \$10 to one dollar.

CHARGE FOR PERMITS

Under the terms of an ordinance passed Monday night the city will hereafter collect 15 cents for each permit issued where the city does not now make any charge for a permit. This ordinance was passed after City Manager C. H. Bingham had made a formal recommendation explaining the city ought to get some revenue from issuing these permits, at least enough to cover the cost of the paper.

Hereafter the person who gets a permit to cut a curb will have to pay one dollar, to cover the cost of inspection by the city engineer. An ordinance was passed covering the point after recommendation by the city manager. He said thus far this year 187 such permits have been issued for which the city received no revenue.

Hereafter the city will charge persons who want copies of ordinances and other city documents on file at city hall the sum of 15 cents per page for making the copies. This applies, the city manager explained, particularly to ordinances when the office has to make type-written copies. Authorization for this charge was made in the ordinance relative to permit charges.

ROHN CHANGES

Another ordinance was passed carrying a supplemental appropriation of \$3,000 for the distribution of water in the water department and for providing meters for houses.

This is the supplemental appropriation against which Commissioner Earl Rohn protested one week ago. He voted for the ordinance Monday night.

Commissioners also approved a supplemental contract of \$27.50 for sewer work on Eureka-st between Nye and McDonel-sts, the action being taken to meet the wishes of the state bureau of municipalities. The work was done by C. A. Plock.

HELD TO GRAND JURY ON CHARGE OF ROBBERY

CINCINNATI—"Some prohibition agents, and bandits should wear badges which will allow the public to distinguish between them," Judge William D. Alexander said in municipal court when he sentenced Edward Mitchell, Newton dry agent, to 30 days in jail and fined him \$210.

Mitchell was charged with pointing firearms and with disorderly conduct. He was granted a stay of execution and held to the grand jury on a charge of robbery under \$2,000 bond.

Urban Knapp, George Ullsch and Raymond Neimer, arrested with Mitchell, were fined \$100 and costs each. Louis Martin was fined \$50 and costs.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

FLATTERY

TWO-FIFTHS of the hairdressers, who "doll up" the heads of American women, are men. It'll be just a matter of time until men will monopolize all the jobs in this line of work. So predicts A. J. Auerbach, Salt Lake City hairdresser.

He says: "A man can dress two heads to a woman's one, and do it better."

Auerbach advances the unique theory that in a few years the stores that cater to women will employ only men clerks, and the women clerks will shift to men's clothing stores.

"The idea," he explains, "is that a man knows best what looks good on a woman, and vice versa."

THE increasing tendency, of having good-looking girls behind the counter to wait on men customers, has been noticed by all of us. It's part of so-called scientific salesmanship.

A pretty girl clerk has the hypnotic power to sell the average man neckties, for instance, that he'd never think of buying from a man clerk. Man is very subject to flattery—quick to believe any compliment from the opposite sex.

The difficulty is that when he comes out of his trance he is not apt to return to the place where he bought flattery instead of a really becoming necktie.

AS for men eventually monopolizing the sales jobs in stores catering to women, we doubt it. Women, in the matter of clothing, are not as susceptible to flattery from the opposite sex as are men. Maybe they dress to attract men, but we've noticed that the average woman would rather get a compliment about her new gown or hat from one woman than several men.

Women, as a matter of fact, respond less to flattery than do men. Vanity, thy name is man.

BIRTH MORTALITY

SIXTY-EIGHT mothers die in childbirth for each 10,000 American babies. So reports Uncle Sam, figures based on the year 1921.

It is the highest maternal mortality rate among the 20 leading countries, and there must be some very definite reason. Plenty of opportunity here for the American medical profession.

OUR DEBT

SWEET: The public debt of the United States is about 3500 million dollars less than it was four years ago.

BITTER: Uncle Sam's future still is mortgaged for over six times that much.

CONSOLATION: If the reduction continues at the same rate as since 1919, the debt should be wiped out by 1950.

Then we'll begin saving up for another big war, if times run true to the precedent of history.

GOOD BAROMETER

PIG IRON production in Great Britain has been declining for three months. Output still is much higher than the 1922 average, but the setback is emphatic, nevertheless.

Pig iron production is the weathervane of general business conditions. What's happened to the iron industry of Britain looks as if Europe is due for a halt, if not a reverse, in its recovery from the war.

OUR CUSTOMERS

CANADA now is our best foreign trade customer, England second, Germany third.

Germany lately has been the largest buyer of our exported cotton and copper.

Which sums up the most important features of our present foreign trade situation.

UNCLE SAM WINS

FIGHT fans paid \$1,200,000 to see the Dempsey-Firpo mill. The Wall Street Journal figures out that \$400,000 of this will go to the national government eventually, including admission taxes and income taxes of Dempsey and others involved.

However, this is the last word in painless extraction.

The real trouble with all narrow-minded people is that they are too narrow-minded to admit it.

Sundays? To the shops, but avoided the post. Taking home, a pair of shoes to a bootery to be rebuilt. And saw at the leather parlors, no other than Danny Jones, with two payes of his own. That lad is a good lesson to the free spenders. And soon he will move Dodge Bros parts to his new emporium, Market-McDonel.

All the morning busied and came no one of import. Lunched with Monsieur Harry, at the Rotarian super extra, a half broiled chicken. Saw there Tom Schoonover, the banker; George Glover, the cigar king, and Dr. Tillotson, the crippled children's friend.

In the afternoon, about the town. Dropped in to extend greetings to Frank Cunningham, at his new desk in the Trust. I hope he speaks well of me there. Waved to Dr. J. C. Bradfield, in his Plutolac motor coach. And bowed to the Rev. A. D. Welty, custodian of the down and outers. Whom he turns into up and getters. Saluted Harry Moulton, the golfer, who makes cedar chests in the winter time. And look who's here! No other than the irrepressible and popular Bill Fildley.

Met a young church man. Who tells me his most embarrassing moment. Was in his office. When with elongated face, and suave urbanity he was entertaining his pastor. Thither came his bootlegger. The

Introduction of the two was made as a doctor of divinity and famous surgeon. And the discourse was on the writings of Henry G. Wells. And the coming to America of David Lloyd Jones.

Late in the afternoon, to the pasture and there battled bravely with Ben Thomas, the big packer. Albeit, he packed me away safely in a two-down package. Waved, homeward bound, to Bill Wheatley. Cutting hay on his farm. And later to Charles Black, of Chevrolet fame, and Plock, the old constable.

In the evening, going into the Mikado alone for a snack. Fell in with Dr. Horn, the popular pharmacist. Some hundred or more there, all gay and merrie. And we discoursed on the greater prosperity and wonder of this country. Whereas, people of other nations and climes, are starving. Here, most all have motors, or babies; and sometimes both motors and babies.

To the shops, and wrote a letter to my wife, poor wretch, saying I had well fed the cat. Wound the clock, tho' not the striker thereon. As it wakes me too early in the morn. Thence home, and read awhile in a lurid tale, within which I took little stock, or that. Over a beaker of buttermilk and egg sandwich, cast up accounts for the month. They speak very well for themselves. So, late to bed.

SICK HEADACHE

In our talk about migraine (migraine, hericrania or periodic sick headache the other day we considered it one of the neuroses, like epilepsy, a neurosis being a disorder affecting some part of the nervous system and having no demonstrable cause, that is, no apparent organic change which we can definitely determine as the cause. Migraine and epilepsy bear even a closer relation to each other than that, however.

As many know, epilepsy may occur in all degrees of severity from the mildest momentary fleeting loss of consciousness (petit mal) to the most frightful series of general convulsions (status epilepticus) or wild delirium (epileptic mania).

Alcoholism in either parent is a predisposing cause of neurosis among offspring, the neurosis perhaps taking the form of epilepsy in one instance or of migraine in another.

Indeed competent students of nervous disorders have called migraine the "sensory equivalent of the motor neurosis epilepsy." Both afflictions have their periodicity, their recurrence, their variable degree of severity, their auras or peculiar warning sensations when a seizure impends. They differ in the age of onset, epilepsy usually beginning in childhood, migraine seldom before thirty.

Now and then the migraine victim, instead of seeing flashes of light be-

fore the eyes, has other visual hallucinations, seeing figures of humans or animals, or has disturbances of the other senses such as one sided deafness or ringing in the ear, loss of taste or peculiar taste sensations.

Just as there are many cases of epilepsy of the petit mal type (momentary loss of consciousness without convulsive seizure), so there are many cases of migraine without the headache or with very little headache following the aura, or perhaps vertigo instead of headaches.

Migraine is therefore more than mere headaches. It is quite different from neuralgia, which is pain of the course of the nerve involved. It is different from the pain in the head due to inflammation or suppuration of the nasal sinuses.

Altho migraine is a neurosis, a family shortcoming, and not due to indigestion nor biliousness nor auto-intoxication nor eyestrain nor nerve strain, but to poor material used in the construction of the machine, one subject to the disorder is more likely to have an attack when fatigued by undue excitement, when paying for abuse of his indigestion, when abusing his eyesight or neglecting proper correction of defects of vision and putting defective eyes to such hard tasks as watching moving objects.

And even tho there is no real

WASHINGTON

By HARRY B. HUNT
Washington — A taste of the strenuous life as practiced by red-blooded Americans from the great west, was given the tourist guides of Europe recently by the long-legged and athletic United States senator from Arizona, Henry Fountain Ashurst.

Ashurst went abroad to see Europe, and see it he did. From early morn to dusky eve—and even later—Henry was on the go.

"I wore out two guides a day," Ashurst says "and some days even three. But I had a good time. It was my first real vacation in 30 years."

Washington is wondering just what innovations in entertainment may be made should fate put William Gibbs McAdoo in the White House in 1925.

This because Mrs. McAdoo, who as Eleanor Wilson, second daughter of President Wilson, already has known the executive mansion as "home" has become an enthusiastic fight fan.

Mrs. McAdoo's first experience with the thrills of fistiana, it is

said, resulted from witnessing some bouts put on in California to raise funds for charity. She attended because of the cause, not the sport—the first time. Later she was hostess at a bout put on between west coast amateurs at the Hollywood stadium and now she voices deepest regret that circumstances prevented her witnessing the Dempsey-Firpo knockdown fest.

Jimmy has recently been so busy that he couldn't find time to get to a barber shop. He managed to squeeze in a session with his safety razor most mornings — always on cabinet days—but haircuts were out of the question. Relentlessly, however, his hair kept on sprouting.

At last, able to endure it no longer, he called a barber to the office. And as he clipped and snipped the secretary dictated a few letters, listened to the reading of an important report and kept the governmental wheels spinning with never a moment's pause.

President's mean little in the life of F. M. Sackett, coal operator, of Louisville, Ky., when rail rates are under consideration.

Sackett recently had a "personal" appointment with President Coolidge at 11 a. m. on a certain day. Before that date arrived the Interstate Commerce Commission had served notice it would hear at that same time a rate case in which Sackett was interested.

When the hour of his appointment arrived, no Sackett could be found about the executive offices. Secretary Slomp tried to locate him, while Coolidge mentally catalogued the first man he had ever heard of who had forgotten a White House date.

A Thought

How long halt ye between two opinions? If the Lord be God, follow him; but if Baal, then follow him.—1 Kings 18:21.

THERE is nothing more pitiable in the world than an irresolute man, oscillating between two feelings, who could wittingly unite the two, and who does not perceive that nothing can unite them—Goethe.

ground for the notion that "sour stomach" or "biliousness" has anything to do with causing attacks, the experience of physicians is fairly convincing that the prolonged daily use of certain cathartics in many cases lessens both the severity and the frequency of the attacks. A sovereign remedy for this purpose, according to the experience of many good doctors, is that despatched and obsolete bone of infancy, castor oil, the adult with migraine taking five or ten drops two or three times a day for months. Another group of physicians find that a small daily laxative dose of effervescent salts containing a grain or two of sodium salicylate to the dose proves similarly beneficial.

WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y. — "I first took Lydia E. Pinkham's Vegetable Compound four years ago, and am taking it now for the second time. I have recommended it already to all my friends and relatives." — Mrs. ENGLEMAN, 2032 Palmetto St., Ridgewood, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will find a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time.

Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merit, as does Mrs. Engleman. You should give it a fair trial now.

SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

When folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.—Adv.

MRS. ALTSCHUL ENTERTAINS FOR CLUB

MRS. MACK ALTSCHUL, who resides in Apartment Four of the Barr Hotel, presided at an attractive one o'clock luncheon and bridge at the hotel on Tuesday, entertaining the members of the Tuesday Bridge club and a few guests.

The luncheon table, laid in the main dining room of the hotel, was most artistic in its appointments. Two low wicker baskets filled with Columbia roses were at either end of the table while the other decorations were also in pink. Following the luncheon, three tables of bridge were enjoyed in the lounge of the hotel. Miss Jess Altschul of Los Angeles assisted the hostess during the afternoon.

Guests other than the regular club members were Mrs. William Deisel, Mrs. Merton Seal's and Mrs. Clinton Seal's.

SUSIE SMART'S ADVICE

Dear Miss Smart:

W H I N receiving a diamond from your boy friend, is it proper to thank him for it?

Do you think it is all right for four girls of 18 years of age to go to park dances together? What time should they leave?

Do you think it is all right for girls to kiss their boy friends good night? After going with a young man for a number of times, is it proper to tell him that you enjoyed yourself?

How old do you think a working girl should be before thinking of getting married?

Do you think the slick type is going to last long?

Do you think a girl with straight bobbed hair looks too much like a flapper?

What are the meanings of the names Paul and Elizabeth?

Are bloused coats going to be worn this winter?

How long should a woman of forty wear her dresses?

How is my writing?

YOUNG GIRL SHOULD NOT ACCEPT A DIAMOND FROM A YOUNG MAN BEFORE SHE IS ENGAGED TO HIM.

No. A young girl your age should not accept a diamond unless accompanied by an escort or an older person.

Certainly. You don't need to be dreadfully formal about it but you should let him realize you enjoyed yourself and appreciate his kindness.

Working or not working, girls should not think of marrying until several years after they are out of high school or at least 20 or 21 years old. One can think of marrying, that is, making and purchasing things for a home, but as far as being engaged is concerned, wait until you are past 20.

No, that foolish fad is almost forgotten now, I think. At least, we hope the male members of the younger generation have abandoned it.

No, the straight bobbed hair is very becoming to some girls.

Paul means little and Elizabeth means worshiper of God.

Six or seven inches from the floor is a good length.

The bloused coats will not be worn as much as the straight buck ones. The tailored styled costumes will prove the more stylish.

Good.

Dear Miss Smart:

I want with a young man one year by senior for about six months. Recently he said a few things that I thought a gentleman would not have said to a girl. Now when I see him I am afraid to talk to him. But recently I have found that my life without him is perfectly tolerable and I would like to renew my friendship. But I don't think I should be the first to apologize.

Should I continue being this way, or should I offer an apology?

TRUTH-TELLER.

If you still feel he said things that he should not of, then do not apologize or make any steps to it. However, you think perhaps you were a little hasty in your accusations, then it would be all right for you to make mention of it.

Mrs. W. S. Siferd, W. High-st. was hostess to the members of the St. Lawrence club for luncheon and bridge at the Elks' home on Tuesday. Covers were laid for fifteen at the luncheon table, which was attractively decorated in fall flowers and colors. Three tables were arranged for play in the drawing room of the club during the afternoon.

Guests other than the club members were Mrs. C. C. Hoeschman, Miss John W. McCall, Mrs. E. A. Siferd and Mrs. L. W. Hammond.

Members of the Lotus club met with Mr. M. S. Thompson at her home in Shawnee on Monday. Mrs. L. A. Larson was the assistant hostess. Plans for the year's work were discussed and roll call was answered with items concerning the "Summer of 1923" but no regular program was given.

The club will meet with the Arboretum club on October 11th at Mrs. Hader's home for their first joint meeting. Miss Emily Kneubuhl of Minneapolis, Minn., will speak.

Mrs. Howard Chew, S. Cole-st., will entertain the members of the Jitsu Tau club at her home, Tuesday evening. This is the first meeting of the present club year.

Mrs. Chew is president of the organization.

Miss Margaret Hinton, daughter of Mr. and Mrs. Harry Hinton, No. 7, Terrace Court, became the bride of Glen Custer, son of Mrs. Susie Custer, Monday afternoon at 2:30 o'clock at the home of the officiating minister, Rev. George B. Townsend, pastor of the Central church of Christ.

Attending the couple were Mr. and Mrs. Wabur Bowersock. The bride wore a gown of grey brocade with trimmings of pink tulle. Mrs. Bowersock wore a brown tulle gown.

A wedding dinner was served at the home of the bride's parents at six o'clock. Appointments were carried out in pink and white. Covers were laid for the following at the buffet dinner: Mr. and Mrs. Harry Hinton, Mr. and Mrs. Frank McCauley, Mr. and Mrs. Albert Bowersock, Mr. and Mrs. Fred Dopp, Mr. and Mrs. William Hielman, Mr. and Mrs. Webster Brown, Mrs. Helen and Mrs. Evelyn McCauley, Mrs. Irene Moser, Robert and Hattie Bowersock, Harold Meyer, Miss Vannola Stamp of Terre Haute, Ind., and Frank Dennis of Erie, Pa.

Members of the Tuesday Five Hundred club were entertained at their initial meeting of the year by Mrs. Charles E. Durbin at her home, 125 1-2 W. Elm-st., Tuesday. Three tables were filled for the card games during the afternoon.

Mrs. Durbin was assisted by Mrs. J. H. Allright in serving a two-course tea at the conclusion of play.

The Women's Board of Managers of the City hospital will meet at the hospital, Wednesday morning at 9 o'clock. All members are asked to be present.

Announcement has been made of the approaching marriage of Miss Gertrude Kahle, daughter of Harry B. Kahle of Oklahoma City, Okla., and Mr. Calvin Davis of Cleveland, which will take place on October 17th at the First Presbyterian church in Chicago. Miss Dorothy Kahle, a cousin of the bride-to-be, and Harold Hawisher will attend the couple.

Miss Kahle, who is a niece of P. A. Kahle, Drs. R. D. and A. W. Kahle of this city, visited here during the past summer and both she and her fiancé, Mr. Davis, have many friends here.

Mrs. Frank Wright, S. Cole-st., will be hostess to the members of the Happy Hour club at her home on Thursday. Luncheon will be at one o'clock and the afternoon will be enjoyed with pedro.

The Ladies Aid Society of Bethany Lutheran church will meet Thursday afternoon with Mrs. Audrey Leininger, 228 S. Pierce-st.

Mrs. Robert Robinson and daughter, Virginia Bell, of Oklahoma City, Okla., are the guests of Dr. and Mrs. Forster Robinson, S. McClell-st.

Mrs. Richard Kahle and two children of Oklahoma City, Okla., are guests of Dr. and Mrs. A. W. Kahle, W. Spring-st.

"Our National Federation of Women's clubs" was the subject of the very interesting paper given by Mrs. W. W. Beauchamp at the meeting of the Round table club with Mrs. R. A. Buchanan, Monday afternoon. Mrs. Beauchamp spoke of the work of the national federation since its organization in 1863. Mrs. T. W. Greenleaf's paper was on "Massachusetts, its position in the life of the Nation."

The club will meet in two weeks with Mrs. Harry DeWitt as hostess at the Y. W. C. A.

Mr. and Mrs. Harry MacDonald will open their home, 554 W. Spring-st., for the initial meeting of the T. and T. club, Friday evening. Dinner will be at six o'clock, after which there will be an informal musical program arranged by Mrs. MacDonald.

Mr. MacDonald is the new president of the club, succeeding Mrs. Roy Banta.

Cards have been received here by Mrs. Henry S. Enck, W. Market-st., of the engagement of Miss Elizabeth Frisch, granddaughter of Mrs. J. T. Moore of Indianapolis, to Charles Frederick Arnesman, also of Indianapolis. No date for the wedding of Miss Frisch and Mr. Arnesman has been set.

Miss Frisch has often visited at the Enck home and has many friends here.

Mrs. W. C. Spavde, S. McDonald-st., and Mrs. Charles Mook, Harrison-av., are in Leipzig, attending the third annual convention of the Women's Missionary Society of the Western Conference.

Mrs. E. C. Long, Mrs. O. J. Roush, Mrs. W. A. Harnes, Mrs. W. Berryhill and Miss Carrie Hagerman are in Leipzig attending the Ladies Aid and Missionary Convention of the Ohio Synod being held there Tuesday and Wednesday. They are representing the Ladies Aid Society of St. Paul's Lutheran church.

Mr. and Mrs. George Harrison, S. Woodlawn-av., are the guests of Toledo friends this week.

Members of the Jolly Ten club will hold a wafel roast and picnic on Wednesday in a grove eight miles from the city on the Marion road. The hours are from 8 a. m. to 4 p. m. and all members are asked to attend.

The next regular meeting of the club will be on October 10th with Mrs. Myra Johnson, Ontario-st.

Miss Florence Price, McBeth-av., W. North-st., opened her home Monday evening for the fortnightly meeting of the Delta Sigma sorority. Miss Gertrude Boose, president of the sorority, presided. Miss Annette Roby was appointed as club delegate to the federation with Mrs. Carl Neville and Miss Betty Laughlin the alternates. Plans for the philanthropic work to be done by the sorority during the winter were discussed.

The hostess served a two-course luncheon, assisted by Miss Josephine Garretson and Miss Roby.

Miss Garretson will entertain the members of the sorority at her home on S. McDonald-st., in two weeks.

Mrs. Emma Rader, 110 1-2 S. Elizabeth-st., will receive the members of the Ladies Aid Society of Epworth M. E. church at her home, Wednesday afternoon.

Mr. and Mrs. Gale Punnell entertained at their home on the Marion road on Sunday, complimenting Mr. and Mrs. H. G. Spencard, who have recently returned to this city to make their home after 14 years residence in Dallas, Texas. Sunday was also the birthday anniversary of both Mr. and Mrs. Spencard.

After a several course dinner, which was served at noon, the afternoon was enjoyed with music and games.

Those present were Mr. and Mrs. William Nichols, Mr. and Mrs. William Rex and daughter, Imogene, and granddaughter, Velma Clay, Mr. and Mrs. Baughman and son, Wesley, Milton Richardson and Mr. and Mrs. William Lawrence and son, Richard of Alger.

Miss Anna Frey of Sidney and Mr. and Mrs. Marion Detrick of Spencerville have returned to their homes after being week-end guests of Mr. and Mrs. William Detrick, E. North-st.

Mr. and Mrs. J. E. Grosjean, N. McDonald-st., and Mr. and Mrs. Frank Maire, W. Market-st., are at Bellaire, Mich., spending some time at the Maire summer home.

Mrs. Cliff Wood opened her home, 1432 Lakewood-av., to the members of the Koneta Circle for their initial meeting of the year, Tuesday afternoon. Following a short business session, an afternoon of needlework and contests were enjoyed. Several piano solos were given by the Misses Rowena and Dorothy Wood, daughters of the hostess.

Assisted by Mrs. John Weller, Mrs. Wood served a two-course luncheon.

Mrs. D. J. Cable, Springside Farm, will entertain at tea at five o'clock next Monday at her home, having as her guests, members of the Twentieth Century club. After the tea, the regular business session and program of the club will follow.

Mrs. L. G. Cusick will welcome the members of the Rambler's Euchre club to her home, 110 W. Circular-st., Wednesday evening.

Mrs. Peter Hulsken read a letter from Mrs. Luah M. Butler, who is spending the year abroad, at the meeting of the Women's club with Mrs. Elizabeth Mitchell, W. Spring-st., Monday afternoon. Mrs. Butler, who is a member of the club, is at present in Eze, France and in her "Greetings from Across the Sea," told most interesting accounts of her travels in England, Scotland and France.

Mrs. E. B. Taylor gave reports of the state federation convention held in June at Steubenville. Roll call was answered with "Vacation Happenings." Mrs. Kent Hughes was the assistant hostess.

The next meeting of the club will be on October 15th when the Delphin, Woman's and Lotus clubs will meet with the Arboretum club for their first joint meeting of the year. Mrs. Frank Maire will be hostess at the meeting and Miss Emily Kneubuhl of Minneapolis, Minn., well-known political woman, will be the afternoon's speaker.

Lawrence Andrews, son of Mr. and Mrs. E. L. Andrews, W. High-st., left Monday for Columbus, where he will resume his studies at Ohio State university.

Mr. and Mrs. F. E. Ream have returned to their home in Dayton after being the week-end guests of Mr. and Mrs. A. G. Ream, Hazel-av.

similar title in which Irene Bordin scores. It concerns a peppy little French miss who aids her parents in selling antiques of questionable vintage to the rich American tourists. She is a madcap girl who loves romance and finds many loves among her own people but who repulses them all. Then her family moves to the United States and the locales in the succeeding scenes are in New York and Palm Beach, where the heroine moves in the highest social circles. How she wins the love of a multimillionaire and the consequences to all concerned, forms the theme of a romantic tale.

As always, dancing of a sensational type predominates in many of the situations. Mae, who is the originator of many bizzare steps, has some decided innovations along dance lines in "The French Doll."

eyes. But they don't admit them here. Amnesia, then? That means your memory of past events is blot-
ted out. Yet I don't believe, for all you say, that yours is even touched."

CHAPTER VIII

An attendant making his leisurely rounds paused near the rustic bench on which Kelsey and the girl were sitting, and speculatively measured the distance between them and the wall with his eyes.

Kelsey recognized him as one of the men who had hindered his egress when he tossed his luggage over the gate and attempted to climb after it; and meeting that heavy, suspicious glance, lifted his brows and dropped his mouth simulating a bored and weary resignation which was further borne out by his inert, lounging attitude.

The attendant, remembering a painful bruise or so sustained in their brief but animated encounter, twinkled his small eyes, grinned and walked on, deriving a malicious pleasure from ignoring what he took to be Kelsey's S. O. O. call for relief.

The girl paid no attention to either of them. Her head bent over the note-book, she covered its pages with a racing pencil apparently oblivious to everything about her.

"He's gone," murmured Kelsey when the guard had moved out of ear-shot. "Now tell me."

"It's all rather confusing to me," she said at last, evidently hesitating to commit herself; "why I am at this place, I mean, and the reason for keeping me here, and all. And I would like to get things clear. Perhaps it would help, if you would tell me first what you are doing here?"

"Very well," he smiled quizzically; "since you prefer it that way. But if I stop short at any time, you'll understand that it's because some one is about."

"I won't go into my first meeting with Bristow and all that," he talked rapidly and in short sentences, moving his lips as little as possible. "I came here as an assistant physician, and I liked it. The place is splendidly run and up to date. An invaluable experience for me, for a little while anyway. Then one day—no need going into details now—I overheard a conversation between Bristow and a visitor. I didn't listen intentionally, of course, but I was in such a position that I couldn't help it. This visitor was describing the theft of a lot of valuable jewels, and consulting Bristow about the best method of disposing of them. And Bristow made no bones about giving his assistance—on a fifty-fifty basis. He laid out a whole scheme, told the fellow just what to do, giving the names of persons and places."

He paused, as if expecting her to question his statement.

"It doesn't surprise me at all," she said, drawing her breath sharply.

"Bristow discovered me, of course. He ended the conversation short, and sent the man away. He never turned a hair, I'll say that for him; he's great in an emergency. But his eyes, they went through me like a diamond drill."

LETTER FROM LESLIE PRES-COTT, CARE OF THE SECRET DRAWER

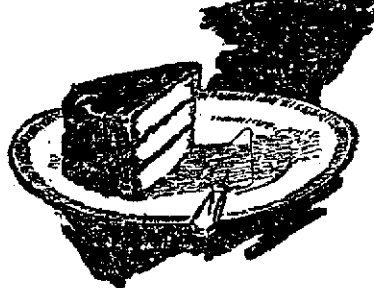

I hardly knew how I got home although I must have been conscious enough of material things to drive my car, for I had no accident. I went upstairs and sat down in my own room, after carefully locking the door—just why I do not know, but the idea was so stupendous that I wanted no interruptions while thinking about it.

How did Alice come with such a magnificent and valuable string of pearls, and having them, why did she give them to me? Could it be possible that she did not know the pearls were real?

I went back to the time when she gave them to me. I wanted again to understand and remember just what she said. I remembered she had given them to me the day that she had asked me to wear "something old and something new, something borrowed and something blue."

When she handed me the pearls she said, after I had exclaimed with delight over them, that she had come across a man who had purchased them for someone that he had cared for very, very much, and then, as he had lost her, he did not want them any more. She said she had found out how to obtain them thru Betty Stokley, and knowing that Betty Stokley was abroad, I jumped at the conclusion that she had gotten these beads, as I supposed they were, from some foreigner who had arrived in this country, and becoming hard pressed for money, had sold them to her.

Did Alice tell me the truth? Did

her and then I was afraid that someone else would get the cable, or if she answered, someone other than myself might get it. I wanted to ask my father if he knew anything about it, but again I was afraid. I didn't seem to me possible that dad would have kept it all to himself that he was giving me, thru Alice, a string of glorious pearls; a string worth over two hundred thousand dollars.

No, that wasn't like dad. He always wanted his gifts appreciated at their proper value, notwithstanding he was always generous.

I felt I could never wear the jewels again. I would be afraid every minute that someone would take them from me. I knew not why it was that the man at the restaurant

table had been looking at me so the time that Jack wanted to kick him. He probably was a pearl con-

noisseur.

NOTE—Mr. Ayres is the well known REALTONE Health Expert.

I have been sent to this city by the well known Blampied Laboratories, Inc., of Buffalo, N. Y. to present every weak, run down, nervous, sick and suffering citizen a liberal-sized, FREE SAMPLE bottle of the wonder medicine, "REALTONE."

ASK FOR ME AT THIS DRUG STORE

This is a personal invitation you can't afford to ignore. I'll tell you why. I am going to give you a bottle of medicine FREE that will tone up and put an end to all chances of indigestion, rheumatism, constipation, catarrh and kindred ills.

The medicine that has taken the eastern cities by storm. The medicine that has benefited thousands and thousands of people throughout the land during the last eighteen years. A highly efficient stomach medicine that eases the stomach, stops the gas, enriches the blood and increases the vitality of the blood.

You may be starving your blood in the midst of plenty. It isn't how much you eat that counts, but how you digest the food you eat.

You cannot get steam out of water without fire. You can't get brain power, nerve force or red blood corpuscles out of food without good digestion.

Thousands lack sufficient vital force and don't know why. They think they need a good rest, a vacation or change of scenery, but they don't. It's old digestion—that's the matter with them and six days of my REALTONE will prove it. They don't get the

TEST THIS MEDICINE FREE

MR. or MRS. Sufferer, have you ever heard of the medicine that talks? That really tells you itself what it can do? That's my REALTONE. Five minutes after you take it the medicine begins to unfold its virtues and it will by actual demonstration unfold to you more in regards to its merits than I could probably make you believe if I wrote ten books as large as the dictionary.

Frank Haines, moving picture operator, says: "I wish that my indorsement of REALTONE could be flashed on every movie screen for the general betterment it has wrought in my condition."

"For the benefits REALTONE brought my wife, after long suffering from nervousness, I am as happy as the richest and most contented passenger I ever hauled," declared O. C. Dickson, the well known Penn. R. R. conductor.

Mrs. H. W. Haverkamp says: "The relief rendered me by REALTONE from stomach trouble and liver ailments, comfort has established itself in my home."

"The use of REALTONE has served as a double blessing in our

home, for, besides relieving me of severe pains in the back and limbs it benefited my husband, who suffered for months from restlessness and loss of appetite," writes Mrs. M. McGarvey.

Mrs. John Overberg says: "It is hard for me to express my gratitude for the release from worry and distress of blood impurities, pains after eating and nervousness."

You may know some of these people, or somebody who knows them. I'll send you their full address if you want them, so that you can find out about my REALTONE and the wonders it has wrought.

Probably you are now thinking whether all this can be true. Stop in. Come at once to the drug store named below and ask for the REALTONE MAN. I will give you absolutely free, a good sized bottle of my REALTONE. This offer is open to every man or woman in this city or vicinity.

There is no ifs, ands, or buts attached to it, except that you come early before the generous supply of FREE bottles has been used. You don't have to buy anything if you don't want to, all that I ask is that you stop in and test this wonderful medicine and see for yourself what it can do for you. So please come as early as possible.

BUCKEYES CHANCES LOOM STRONG ON GRID HORIZON

They Have To Go Some To Beat Old Time Records. No Danger This Season

Coach Wilce Believes Buckeyes Stronger Team This Year Than Ever Before

COLUMBUS, Ohio— (Associated Press)—Ohio State should have a good football team this year—considerably better than last and possibly approaching in strength the championship combinations of several seasons ago.

This seems to be the opinion of those who have followed the work of the Buckeyes ever since they began their daily workouts two weeks ago.

Supported by the conservative statement of the always conservative Coach Wilce, that his material this year is slightly better than average, belief that the Ohioans will be a team of possibilities has gained much headway.

The two weeks of practice during which Wilce has assembled his squad of more than seventy candidates twice each day—in the morning for a lecture and in the afternoon for two hours of hard practice—have served to give some definite aspects as to the make-up of the team which will play in the championship season.

While almost every one of the large number of candidates has been given some opportunity to display his ability, the proximity of the first game—with Ohio Wesleyan next Saturday—has led the Buckeye monitor to make his initial attempts to weld together the combinations which he expects to use.

His backfield has presented a problem almost solely of selecting. An unusually large number of backs who so far have shown approximately equal ability, have been available, right tackle, while on the opposite but the field nevertheless has "hard" side of the line, no one has been able to row down considerably. In the line the main task is to find one new end, a tackle and a guard. For these positions also there is a wealth of material.

As the first team has been lining up during the latter part of the past week, Ollie Klee, a fleet halfback of last season has been receiving the call for the quarterback position, carries considerable weight, from end with Judy, who called signals a part of last year, and Wisterman, a sophomore, being called in on occasions.

"Hoge" Workman, whose forward passing for two years has gained him much recognition, has been appearing regularly at left half, with Southern of last year's freshmen showing much ground-gaining ability as his understudy.

Bobbeitt and Carlson, both Soph-

omores, have been alternating at the line back while a number of other able contenders are not yet out of the running.

The work of line battering so far has been assigned to Honaker, a veteran of two seasons, Devos, a sophomore and Hamilton of last year's squad, all of whom have played full-back at various times.

The return of Johnny Wilson, a capable end of last season, whose appearance had been delayed by illness, has simplified the problem of filling the flank positions. Wilson, since his return, and Gorrill, a sophomore, have been alternating at right end, while Cunningham and Seiffer, both new varsity men, and Schullist who played some last year, all have been appearing on the other flank.

Captain Petroff, of course, is appearing regularly in his position at equal ability, have been available, right tackle, while on the opposite but the field nevertheless has "hard" side of the line, no one has been able to row down considerably. In the line the main task is to find one new end, a tackle and a guard. For these positions also there is a wealth of material.

Kutler and Long, both of whom gained experience at guard during the last campaign, have been taking care of these positions again this year, but Wilce surprised onlookers recently by shifting Schullist who carries considerable weight, from end with Judy, who called signals a part of last year, and Wisterman, a sophomore, being called in on occasions.

WANT BASKET BALL GAMES

The Solar Refining Cagers are anxious to arrange basket ball games outside of Lima. This is a fast team, and outside cagers who have not yet filled their schedule, would do well to address the manager A. E. Thomas, care Solar Refining Co., Lima.

As A Matter of Fact

BY HARRY BRADBURY
Sports Editor.

With "Babe" Ruth's record of fifty-four home runs in one season staring them in the face, the kings of swat of all leagues have an incentive to drive the ball over the fence, and mayhap a secret yearning to beat the record of the great Bambino. In the very beginning of the present season official scorers and statisticians have their hands full keeping the records. There is no past record in point of number equalling that of the Yankee slugger but there has been some marvelous swatting in the past for the kings to ponder over. They will have a hard time to equal some of them; it is doubtful if they will ever be equaled.

The Paris team of the Texas league on May 15, 1903 made nine home runs against Corsicana, player Bateman scoring four of them and player Wolf made three while Coyle and Walsh made one each.

In the Ohio-Pennsylvania league, in a double header between Steubenville and East Liverpool, at Steubenville, July 23, 1912 there were twelve circuit clouts. In the first game East Liverpool made three homers and Steubenville three, and when the small score of these games are considered it was a remarkable performance. Pitcher Shippe, of the East Liverpool team won his game 5-2 and he struck out 17 batsmen.

A REAL SWATTERS GAME

Here is a game which will be to the liking of the fan who favors free hitting, and is always hoping that they will play with a foot-ball instead of one of the regulation kind. It was an exhibition game between Bay City of the old Northwestern league and Worcester of the National league, played September 11, 1882. Worcester made 47 hits, including 7 home runs; Smith got 8 hits, Stevey and Evans 6 each and Irwin, Hayes, Creamer and Mountain 5 each.

The record for home runs for a same player in one game is four; records give no more; strange perhaps when it is considered that this record is not rare; several players have banged the ball for circuit clouts for a quartette. Bob Lowe, of the Boston Nationals; Dan

Brothers, for Detroit; Ed Delahanty for Philadelphia have each accomplished this almost impossible feat. Lowe made his off pitcher Chamberlain of the Cincinnati team, Decoration day 1894; Delahanty off Terry and Garvin of Chicago. In the matter of total bases in one game the honors probably go to Billy Bottenus, of the Buffalo Eastern League team, May 12, 1895, when he patted the ball for four home runs and a double, against the Wilks Barre team.

WAGNER'S BEST RECORD

Wagner's best record was good enough while not equalling some of the others. He has credit for a total of 16 bases in 7 times at the bat—two home runs, three doubles and two singles. This was in August 22, 1910.

Certain To Be Large Crowd At Murphy-St Grounds When Locals Meet National Team

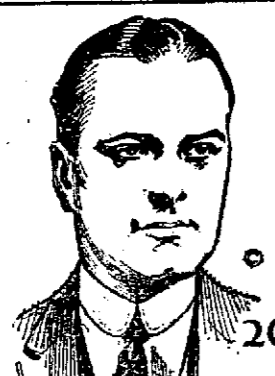

Indications point to a capacity crowd at the game between the Pittsburgh Pirates and the Independents Wednesday afternoon. This is taken from the number of tickets that have so far been disposed of and the rapidity in which the remaining reserved seats are being exhausted. It is known that large delegations from all the surrounding towns will be among the crowd at the Murphy-st grounds.

There was considerable disappointment because of the non-arrival of "Bust'em" Schaffer for the game Sunday afternoon, and it is probable that if he had held down the second sack in that game there would have been a different result. It is stated on good authority however, that he will surely be in the game Wednesday. It is also vouched for that Big Bill Morris will be on the firing line for Halloran's ball tossers. It was impossible for this player to report for Sunday's game.

The wires are being kept warm these days by Manager Halloran in the matter of strengthening his team for this important game. Mackey Heath was kept out of the game Sunday thru an injured knee; he has wired the Manager that he will certainly be in the line-up for Wednesday's game. Bobbie Wells also wires that he will be on hand. From the number of telegrams that have been received from prominent minor leaguers, it is certain that the local team will be strengthened to at least make a creditable showing against the Pirates.

It must be remembered that the Pittsburgh management have promised in writing that they will have their regular lineup in the field. As a matter of fact, this is the only stipulation that Manager Halloran had insisted on. There will naturally be a desire on the part of Lima adherents to see these celebrated players in action. They do not want to see a lot of substitutes. With this in mind Halloran has stipulated the regular lineup. It is promised by the Pittsburgh management that, barring accidents, which is always liable to happen with a ball player, they will pitch Wilber

Cooper, and in this those who attend the game will have a chance to see one of the big league celebrities on the mound. This will be the gala event, so far as base ball is concerned, of the entire season, and it is certain that a record crowd will be present.

Women Play Keen Golf At Rye

RYE, N. Y. —(Associated Press)—In the first 18 hole round at match play for the women's national golf championship Monday, Miss Alexa Stirling, former champion, who won the medal with an 84 in the qualifying round yesterday, is paired against Miss Marjorie Anable of Montreal, in the upper half of the draw. In the lower half, Miss Glenna Collett of Providence, the defending champion, is against Mrs. Fred C. Letts of Chicago. Miss Stirling's 84 was three strokes better than any other player could do.
